PRICING GUARANTEE

All our products are *GUARANTEED* to be the cheapest in the Algarve.

All pricing includes IVA, delivery and construction anywhere in the Algarve. There are no hidden extras that you might find with other suppliers. There are no complex pricing practices. The figure you see is the figure that you pay.

We are so confident that our prices are *ROCK BOTTOM* that if you can better our prices we want to know where you are getting them from.

Our guarantee to you is, if, at the point of ordering, you show us a lower written quote (on a like for like basis) from an alternative supplier based in the Algarve, we will match that quoted price and include a further 10% discount as our way of apologising.

We should warn you, however, you will have your work cut out to beat our prices!

RECOMMENDED ROOM SIZES

Go on, get the tape measure out and see if you have the space. The table below, however, is not a precise tool. Each pool table model is slightly different in terms of playing surface measurements. Even if it appears that you do not have enough space, please contact us we can shave a little of each measurement if required.
